# WELCOME TO MASON COUNTY HISTORICAL SOCIETY!

Mason County Historic Museum maintains a public library of historical materials at the downtown museum including photos, tapes, letters, diaries, periodicals and newspapers.

Our goal is to discover, compile, preserve and publish the history of Mason County.

We continually gather records, audio, video tapes, photos and pioneer artifacts and welcome new material. We are available as a resource to your historical curiosity and research.

Monthly meetings of the Mason County Historical Society are county wide from Kamilche to Matlock, Lilliwaup to Belfair, where we visit scenes of historic events and hear tales of days long gone. Local historians often display rare old photos and artifacts.
